

Fineline HSM by Dekodur

supermatt – highly resistant – horizontally+vertically applicable

4 new real metal decors with an innovative surface

A451 Champagne Gold

An elegant and luxurious colour that conveys an air of glamor and sophistication. The soft shine of champagne gold blends harmoniously into a variety of design concepts and gives every room an exclusive atmosphere. Ideal for upscale hotel lobbies, reception areas or elegant living rooms.

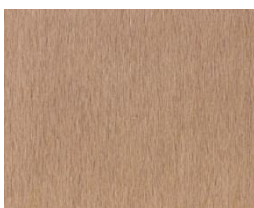

DEKODUR A451HSM

A453 Velvet Bronze

A warm and stylish bronze color that brings depth and character to your space. The bronze's velvety texture and subtle shimmer make it particularly welcoming and cozy, perfect for restaurants, bars, cafes, or any living space looking to create a relaxing atmosphere.

DEKODUR A453HSM

A454 Soil of Sienna

An earthy and soothing brown that conveys naturalness and comfort. Sienna Brown is a versatile color that is great for a variety of uses, from cozy lounge areas and offices to modern kitchens or bathrooms that require a touch of warmth and comfort.

DEKODUR A454HSM

A456 Damast Steel

A modern and robust steel tone that will add an industrial vibe to your space. The cool and contemporary character of Damast steel fits perfectly with urban designs and is ideal for modern kitchens, bathrooms, shopfitting concepts or commercial spaces that prefer clean lines and a minimalist style.
